

Fall/Winter 2020 Florida Statewide Assessments

School Assessment Coordinator Checklist

Before Testing:

- Carefully read the test administration manual and the following, as applicable, and resolve any questions you might have with your district assessment coordinator (all resources are available on the Florida Statewide Assessments Portal):
 - Scripts and instructions for administering accommodations
 - *Test Administrator User Guide*
 - *TIDE User Guide*
 - *2020–2021 Statewide Assessments Accommodations Guide*
 - *AVA User Guide*
 - Any local directions you have been given
- Read the *Fall/Winter 2020 Test Security Policies and Procedures* in the manual, then sign the *Fall/Winter 2020 Test Administration and Security Agreement*.
- Distribute the test administration manual to test administrators and ensure that test administrators read it and the *Test Administrator User Guide*. Those administering computer-based accommodations must read the appropriate scripts and instructions for administering these tests. Scripts and instructions for administering computer-based accommodations are available on the portal.
- Train your test administrators and proctors and ensure that they, as well as all school administrators, sign a *Fall/Winter 2020 Test Administration and Security Agreement*. Also ensure that test administrators sign a *Fall/Winter 2020 Test Administrator Prohibited Activities Agreement*.
- Receive test materials from your district assessment coordinator. Maintain an accurate *Test Materials Chain of Custody Form* at your school. Inventory the materials within 24 hours of receipt and report missing materials or request additional materials immediately.
- Communicate the process for collecting required administration information to your test administrators.
- Arrange practice test sessions as described on page 140.
- Assign proctors, as needed.
- Ensure that appropriate test settings are available for all test sessions.
- If any students who require accommodations are testing at your school, discuss with test administrators how accommodations will be provided. Information regarding accommodations is located in Appendix A.
- Ensure that all students are uploaded into TIDE and assigned the correct test.
- For CBT only:**
 - Assign accommodations and verify student demographic information in TIDE.
 - Work with your district assessment coordinator to ensure that test administrators have active usernames and passwords to log in to the TA Interface.
 - Ensure that test administrators understand how to create, monitor, and stop test sessions in the TA Interface.
 - Print test tickets to distribute to test administrators. Test tickets contain login information for students, and each student must have a test ticket to log in to an assessment. Refer to the *TIDE User Guide* for instructions.
- For PBT only:**
 - Verify student information, print, and affix On-Demand PreID Labels to test and answer books. If information on an On-Demand PreID Label is incorrect, update the student information in TIDE, print, and affix a new On-Demand PreID Label.

- Verify that labels are not faded and can be clearly read.
- Distribute test group codes to test administrators.
- Ensure that secure materials are kept in locked storage until the day of testing.
- Assign TAs an AVA role in TIDE for those administering paper-based accommodations for ELA Reading Retake.

During Testing:

- Distribute test materials for students in each testing room immediately before testing is scheduled to begin. Do **not** distribute these materials ahead of time.
- Be available to answer questions from test administrators.
- Provide test administrators with additional materials, as necessary.
- Test administrators are instructed to contact you if a student does not sign below the Testing Rules Acknowledgment. Determine the appropriate course of action for handling any such students; **any student who refuses the acknowledgment should still be tested, but a record of the refusal should be retained at the school.**
- Monitor each testing room to ensure that test administration and test security policies and procedures are being followed, seating charts and Security Logs are being properly completed, and required administration information is being collected.
- Arrange for and supervise make-up test administrations.
- For CBT only:**
 - Monitor student progress and test completion rates in TIDE.
 - Contact district staff and the Florida Help Desk **immediately** if technical issues arise.
- Contact your district assessment coordinator if any test irregularities or security breaches occur.

After Testing:

- Verify that all distributed secure materials have been returned. Complete your *Test Materials Chain of Custody Form*. Report missing materials to your district assessment coordinator and conduct the necessary investigation(s).
- Make copies of all collected required administration information, seating charts, and Security Logs, and file the copies. Ensure that seating charts indicate which direction each student is facing.
- Organize test materials and return them to your district assessment coordinator as indicated on pages 186–187.
- For PBT only:**
 - Ensure that paper-based test materials are labeled accurately. If a test administrator notifies you of an incorrect On-Demand PreID Label, update the student information in TIDE, print, and affix a new On-Demand PreID Label over the incorrect label. An On-Demand PreID Label **must** be applied, and student information **must** also be added to or updated in TIDE.
 - Inspect student answer documents and verify that each student has completed the required information in the upper left corner of the demographic page, and, if applicable, remove any stray reference sheets or periodic tables from test and answer books. **Do not review test content or student responses.**
